Gene Ostrowski --- feels the notice of abatement of nuisance he received from the Zoning Officer is harassment. He feels there is selective enforcement of the ordinance . He cited several instances of non compliance to the ordinance yet he received the notice. Supervisor Rinaldi tried to explain that he should clean up the yard, trim the hedges and remove the vehicles from the property. Supervisors assured Mr. Ostrowski that it is not the intent of the Supervisors to be selective in the enforcement of the ordinance and will discuss the issue with T. Best.

Lynn Hetro -- once again asked the Supervisors for help with the expense of the sewer project. She feels that the Supervisors control the reimbursement policies and should consider eliminating the reimbursement for the future and instead use that money to help the Suscon residents. Supervisor Rinaldi discussed the fact that the Twp. is responsible for the completion of the project and might incur costs at the end of the project to see it completed.
