### INDEPENDENT AUDITORS' REPORT

Board of Supervisors  
Pittston Township, Pennsylvania

#### Opinions

We have audited the accompanying cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pittston Township Pennsylvania, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the aggregate remaining fund information of Pittston Township as of December 31, 2025, and the respective changes in the cash basis financial position thereof for the year then ended in accordance with the cash basis of accounting described in Note 1.

#### Basis for Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pittston Township, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified audit opinions.

#### Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management's for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pittston Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pittston Township's ability to continue as a going concern for a reasonable period of time.

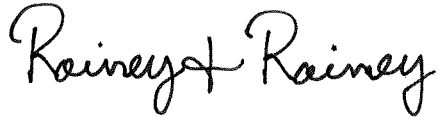

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### *Other Information*

Management has omitted the Management's Discussion and Analysis that cash basis of accounting requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise Pittston Township's basic financial statements. The other information related to the Police Pension Trust Fund on page 27 and 28 and the budgetary comparison information on page 29 and 30, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Township is a Second-Class Township located in Northeastern Pennsylvania and was established under the laws of the Commonwealth of Pennsylvania in 1790. The Township operates under the Township Supervisors form of government. An elected three-member Board of Supervisors governs the Township, which provides general government administration, public safety, highway and street maintenance, sanitation, public improvements, and planning and zoning. The Township has a population of approximately 3,180 residents.

The Township Financial Administrator, appointed by the Board of Supervisors, is the person responsible to manage the office, supervises the maintenance of books and records and performs other various duties as required. There are full-time and occasional part-time employees under the supervision of the Township Financial Administrator.

**A. Reporting Entity**

In evaluating how to define the Township for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles (GAAP). The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The manifestations of the ability to exercise oversight responsibilities include (but are not limited to): financial interdependency; selection of the governing members; designation of management; and the ability to significantly influence operations and accountability. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of if the Municipality is able to exercise oversight responsibilities. No component units meet the criteria for inclusion.

**B. Basis of Presentation – Fund Accounting**

The financial statements of the Township are presented on the cash basis of accounting which is another comprehensive basis of accounting other than accounting principles generally accepted in the United State of America. The cash basis of accounting differs from accounting principles generally accepted in the United States of America (“GAAP”). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (“GASB”) pronouncements as applied to governmental unites. The Township’s most significant accounting policies to the financial statements are described in the following paragraphs.

The accounts of the Township are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are spent. There are three fund types presented in this report. A brief description of each is presented below.

PITTSTON TOWNSHIP, PENNSYLVANIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2025

---

**Governmental Fund Types:**

General Fund – The General Fund is the general operating fund of the Township. All financial resources, except those required to be accounted for in another fund, are accounted for in the General Fund.

Special Revenue Fund – The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

**Fiduciary Fund Types:**

Fiduciary Fund – The Fiduciary Fund is used to account for assets held by the Township in a trustee capacity, specifically the uniform plan offered to Township Employees.

The General Fund and the Liquid Fuels Fund (Special Revenue fund) are considered Major Funds.

**C. Basis of Accounting and Measurement Focus**

Government-Wide Financial Statements

The government-wide financial statements, which consist of the Statement of Net Position and the Statement of Activities are prepared using the economic measurement focus, within the limitations of the cash basis of accounting, report information on all of the non-fiduciary activities of the primary government. Governmental activities, which are supported primarily through governmental subsidies, fee's, assessments, and taxes. The fiduciary funds are excluded from the governmental-wide financial statements.

The government-wide statement of activities – cash basis, presents a comparison between expenses, both direct and indirect, and program revenues for each program or function of the Township's governmental and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a function. Indirect expenses are allocated among the programs, functions, and segments using a full cost allocation approach and are combined with direct expenses only.

Program revenues include (1) charges to users who purchase, use, or directly benefit from goods, services, or privileges provided by a given function (2) grants and contributions that are restricted to meeting the operational requirements of a particular function and (3) grants and contributions that are restricted to meeting the capital requirements of a particular function.

General revenues include taxes and other revenues not specifically identifiable with a particular program or function of the Township.

Fund Financial Statements

All governmental funds are accounted for using the current financial resources method and the cash basis of accounting. Only current financial assets comprised of cash and cash equivalents are presented on the statement of assets, liabilities, and fund balances. The operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balances as their measure of available spendable financial resources at the end of the period.

Measurement Focus & Basis of Accounting

Measurement focus refers to what is being measured. Basis of accounting refers to when revenues and expenses or expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting also relates to the timing of the measurement made, regardless of the measurement focus applied.

Cash Basis – The government-wide and governmental fund statements are reported using the economic resources measurement focus and cash basis of accounting. This basis recognizes assets, liabilities, and net assets, revenues, and expenditures/expenses, when they result from cash transactions, in the financial statements. The fiduciary fund financial statements are presented on the modified-cash basis of accounting, where investments are reported at fair value. The cash basis and modified-cash basis of accounting are comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received, but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the Township utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary and fiduciary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Normally, reconciliations accompany the governmental fund financial statements to reconcile and explain the differences between fund balances and changes in fund balances, as presented in the fund financial statements, and net position and changes in net position, as presented in the government-wide financial statements. Because both are using the cash basis, these reconciliations are not necessary.

**D. Budgets and Budgetary Accounting**

The Township follows budgetary policies as established by the Department of Community Affairs for Townships.

**E. Cash and Cash Equivalents**

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, amounts due from banks and investments with original maturities of three months or less.

PITTSTON TOWNSHIP, PENNSYLVANIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2025

---

**F. Investments – Pension Fiduciary Fund**

Investments held by the Township are reported at their fair market value based on quoted prices in actively traded markets as of year-end. Investment income and changes in the fair value of investments are recorded as investments earnings/income in the statement of change in fiduciary net position –cash basis.

**G. Fixed Assets and Depreciation**

Fund Financial Statements

Under the cash method of accounting, capital assets and the related depreciation are not recognized in the balance sheet. Capital expenditures are recorded as expenses when incurred.

Government-wide Statements

In the government-wide financial statements- cash basis, fixed assets are not recorded. Contributed assets are not reported. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are expensed as incurred. This differs from GAAP which requires that capital assets are recorded and depreciated over their estimated useful lives. Costs incurred for repairs and maintenance are expensed as incurred.

**H. Use of Estimates**

The preparation of financial statements in conformity with cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**I. Net Position and Fund Balances**

Government-wide Financial Statements – Sometimes the Township will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Township’s policy to consider restricted net position to have been depleted before unrestricted net position is applied. Net position in the statement of net position includes the following:

Restricted - The component of net position that reports amounts restricted by external parties. Restricted net position amounted to \$90,392 for the primary government as of December 31, 2025.

Unrestricted – The difference between assets and liabilities that is not reported as restricted or net investment in capital assets. This amounted to \$1,215,590 for the primary government as of December 31, 2025.

PITTSTON TOWNSHIP, PENNSYLVANIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2025

---

Governmental Fund Financial Statements – In the governmental fund financial statements, the Township reports fund balance classifications. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance – Amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact.

Restricted Fund Balance – Amounts with constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments.

Committed Fund Balance – Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority. To be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level of action to remove or change the constraint. For the purposes of the Township, the highest level of decision-making authority resides with the Township's Board of Supervisors.

Assigned Fund Balance – Amounts a government intends to use for a specific purpose. Intent can be expressed by the governing body or by an official or body to which the Township Board delegates the authority. For the purposes of the Township, the Township's Board has delegated authority to management.

Unassigned Fund Balance – Amounts that are available for any purpose.

The Township applies restricted resources first when expenditure are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first by followed by assigned, and then unassigned amounts when expenditures are included for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Restricted:**

**WVSA Savings Account** – is used to account for the specific funds that are restricted for storm water repairs and expenditures. The balance at December 31, 2025 was \$70,810.

**Reserve for Liquid Fuels** – is used to account for the specific funds that are restricted for the liquid fuel funds. The balance at December 31, 2025 was \$19,582.

**Unassigned** – Unassigned fund balance consisted of excess funds that have not been classified in the previous categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls. This amounted to \$1,255,317 for all governmental funds as of December 31, 2025.

**NOTE 2 – COMPONENTS OF THE TOWNSHIP’S REPORTING ENTITY**

The financial statements of the Township have not been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units as noted in Note 1. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government’s accounting policies are described below:

In evaluating how to define the government per Sec. 2100 GASB, for financial purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying criteria set forth in GAAP.

The basic - but not the only criterion for including a potential component unit within the reporting entity is the governing body’s ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency.

Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens or whether the activity is conducted within the geographic boundaries of the government and generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships regardless of whether the government is able to exercise oversight responsibilities.

Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the government’s reporting entity.

Excluded from the reporting entity:

**Sewer Authority of the Township of Pittston**. The Sewer Authority of the Township of Pittston (herein referred to as “the Authority”) was incorporated in 1966 under the Municipality Authorities Act of 1945, P.L. 382 of the Commonwealth of Pennsylvania, pursuant to resolution adopted by the Board of Supervisors of Pittston Township.

The Authority’s governing board (appointed by the Township’s Board of Supervisors) selects management staff, sets user charges, establishes budget and controls all aspects of general management and development. Additionally, the Township does not hold title to any of the Authority’s assets, nor does it have any right to the Authority’s surpluses. However, ultimately the Township is responsible for the proper implementation of its “Official Sewage Facilities Plan” as outlined by the Pennsylvania Department of Environmental Protection.

**NOTE 3 – COMMITMENTS AND CONTINGENCIES**

The Township is serviced by the Wyoming Valley Sewer Authority (herein “WVSA”) (under treatment service and lease agreement) who has the authority to bill and collect sewer rents and charges from the Township’s residents and commercial entities and lien on real estate for delinquent billings. However, any outstanding bills are the responsibility of the Township. At December 31, 2025, the Township’s contingent liability totaled \$51,037. As of December 31, 2025, the Township has not been required to pay any delinquent bills.

On February 28, 2020, the Township guaranteed a loan payable by the Sewer Authority of the Township of Pittston to a local bank in the amount of \$124,500 to settle litigation with a third party. The loan is due in 59 monthly installments of \$1,174 including interest at 2.50% and one installment of \$67,311 through February of 2025. The loan was paid off during the current year, thus the balance outstanding as of December 31, 2025 was \$0.

**NOTE 4 – CASH AND INVESTMENTS**

The Township’s investment policy is to invest in: (1) United States Treasury Bills, (2) short-term obligations of the United States Government or its agencies or instrumentalities, (3) deposits in savings or time accounts or share accounts of institutions insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund to the extent such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral as provided by law therefore shall be pledged by the depository, (4) obligations of the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision, and (5) shares of certain investment companies registered under the Investment Companies Act of 1940 and the Securities Act of 1933 which invest only in instruments listed in (1) – (4) listed above, maintain a constant per share net asset value and are rated in the highest category by a nationally recognized rating agency.

Custodial credit risk is the risk that in the event of a bank failure, the Township’s deposits may not be returned to it. At December 31, 2025, \$1,366,050 of the Township’s bank balance of \$1,721,586 was exposed to custodial credit risk. The amount exposed to custodial credit risk was uninsured but was collateralized by securities pledged by the financial institutions for such funds but not in the Township’s name in accordance with the collateralization provisions of the Commonwealth of Pennsylvania Act 72 of 1971, as amended.

**NOTE 5 – REAL ESTATE TAXES**

The Township levies real estate taxes on all real property on a calendar year basis, at a rate enacted by the Township Supervisors, on the assessed value of property as determined by Chief Assessor's Office of the County of Luzerne. The assessed value of real property on January 1, 2025, upon which the levy for the 2025 year was based, was \$68,016,986. Taxes are due during the 2025 calendar year and become delinquent by December 31, 2025. The tax rate during 2025 was 1.9 mills.

The schedule for real estate taxed and levied each year is as follows:

February 15	Levy Date
February 16 – April 15	2.0% discount period
April 16 – June 15	Face payment period
June 16 – December 31	10% penalty period
January 1	Delinquent period

**NOTE 6 – INVESTMENTS**

Carrying amounts of investments as of December 31, 2025, appear in the financial statements as summarized below:

Investments – fiduciary fund, statement of net position	\$ <u>1,567,454</u>
---	---------------------

**Investments measured at fair value**

In accordance with the authoritative guidance on fair value measurements and disclosures under GASB statement No. 72, the Township discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

**Level 1:** Quoted prices (unadjusted) in active markets for identical assets of liabilities the Township has the ability to access as of the measurement date.

**Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

**Level 3:** Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

**PITTSTON TOWNSHIP, PENNSYLVANIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2025**

Fixed income funds, domestic equities and international equities classified in Level 1 of the fair value hierarchy are valued using quoted in active markets for those securities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**Fair Value Measurement**

The Township has the following recurring fair value measurements at December 31, 2025:

Investments by fair value level:	12/31/2025:	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Un-observable Inputs (Level 3)
----------------------------------	-------------	--	---	--

**Interest rate risk** – In accordance with its investment policy, the Township manages its exposure by investing in short-term securities. The Township will reinvest these funds at higher rates as the opportunity presents itself.

**Credit risk** – The Township's investment policy states that the Township is to only invest in authorized instruments that are backed by the "full faith and credit" of the federal or state government.

**Concentration of credit risk** – The Township's investment policy places no limit on the amount the Township may invest in any one issuer. However, the Township manages market risk through diversification by including several types of investments.

---

The Township's investment policy and the Pennsylvania Township Code establish criteria for the type of investments that can be held by the Township. Permissible investments include the following:

- United States treasury bills
- Short-term obligations of the united states government or its agencies or instrumentalities
- Deposits in savings accounts or time deposits, other than certificates of deposit, or share accounts of institutions insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation or the National Credit Union Share Insurance Fund or the Pennsylvania Deposit Insurance Corporation or the Pennsylvania Savings Association Insurance Corporation to the extent that such accounts are so insured, and, for any amounts above the insured maximum, provided that approved collateral as provided by law therefore shall be pledged by the depository.
- Obligations of the United States of America or any of its agencies or instruments backed by the full faith and credit of the United States of America, the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, or of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- Shares of an investment company registered under the Investment Company Act of 1940; whose shares are registered under the Securities Act of 1933 provided that only investments of that company are in the authorized investments for Township funds listed in the categories above.
- Certificates of deposit purchased from institutions insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation of the National Credit Union Share Insurance Fund or the Pennsylvania Deposit Insurance Corporation of the Pennsylvania Savings Association Insurance Corporation to the extent that such accounts are so insured. However, for any amounts above the insured maximum, such certificates of deposit shall be collateralized by a pledge or assignment of assets of the institution, and such collateral may include loans (including interest pools of loans) secured by first mortgage liens on real property. Certificates of deposit purchased from commercial banks shall be limited to an amount equal to twenty percent of a bank's total capital and surplus. Certificates of deposit purchased from savings and loan associations or savings banks shall be limited to an amount equal to twenty percent of an institution's assets minus liabilities.
- Any investment authorized by 20 Pa.C.S. Ch.73 (relating to fiduciaries investments) shall be an authorized investment for any pension or retirement fund.

**NOTE 8–PENSION PLAN**

**NON UNIFORM PENSION PLAN**

Non uniform fund is a defined contribution plans formed under IRS section 457(b) and 401(a) covering ten employees. The Plan covers all full time employees and member if they elect to participate could contribute up to five percent (5%) of wages and the Township will match that contribution. The Township contribution to the plan in the year 2025 was \$29,645.

**POLICE PENSION PLAN**

The Township manages a Police Pension Plan pursuant to the provisions of Act 600 in which the seven (7) full-time Township policemen are not fully vested and one (1) officer is fully vested. The plan was funded by allocations of Commonwealth of Pennsylvania tax on foreign casualty insurance premiums. The Township is liable for any unfunded pension liabilities. The Township is liable for any unfunded pension liabilities which exceeds the Commonwealth of Pennsylvania and member contributions. In a compliance audit of the plan in May 2019. The Auditor General of the State of Pennsylvania has classified the Police Pension Plan as distress because of its unfunded liability amount.

Annually, the Township is reimbursed for its share of the pension contributions in accordance with the Municipal Pension Plan Funding and Recovery Act (Act 205 of 1984).

**Description of Plan**

The Township pension plan is a single employer defined benefit pension plan controlled by the provisions of Ordinance No. 4 of 1991, Ordinance 3 of 1994, ordinance 701 of 2007, and ordinance 9.01 of 2022 adopted pursuant to Act 600. The plan is governed by the Township Supervisors which is responsible for the management of plan assets. The recommended rate of contributions is determined each year by actuaries using the entry age cost valuation method.

**PITTSTON TOWNSHIP, PENNSYLVANIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2025**

---

All full-time police officers are eligible to participate in the plan. The normal retirement date is when the participant attains age fifty-five (55) and completes twenty-five (25) years of service.

**Plan Membership**

As of December 31, 2025, the pension plan’s membership consisted of:

Active Employees	8
Retirees and beneficiaries currently receiving benefits	1
Disability benefits	2
Terminated employees entitled to benefits but not receiving them	-
Total	11

**Retirement Benefits:**

**Normal Retirement Benefit** – One-half (1/2) of compensation averaged over the last sixty (60) months of continuous employment.

**Disability Benefit** – One-half (1/2) of the participant’s salary at the time when the disability was incurred reduced by Social Security disability benefits for the same injury.

**Death Benefits:**

**Pre-Retirement Death Benefit** – If a participant dies prior to becoming eligible for pension benefits, then their designed beneficiary shall be entitled to a refund of their accumulated participant contributions with credited interest. If no beneficiary survives, then the refund is payable to the participant’s estate.

**Death Benefit to Surviving Spouse and Dependent Children** – If the participant reached the Normal Retirement Date (see above) or is already receiving a pension, the amount of the pension benefit shall be equal to 50% of the Normal Retirement Benefit to the surviving spouse. If there is no benefit payable to a surviving spouse, then the benefit is payable to the guardian of surviving dependent children until the last dependent child dies or reaches his/her 18<sup>th</sup> birthday (or if attending college, reaches the 23<sup>rd</sup> birthday).

If the participant has no surviving spouse or dependent children, the participant’s beneficiary or estate shall be entitled to a refund of his/her accumulated member contributions with credited interest reduced by the amount of pension benefit received by the participant.

**Participant Contributions**- Participants pay into the pension fund at the rate of 5% of salary unless the Township Board of Supervisors, by ordinance or resolution, reduce or eliminate payments into the Fund by participants. Member contributions began in 2018 are payable to plan participants upon separation of service with accumulated interest.

**Vesting** – Effective September 26, 2023 Pittston Township enacted Ordinance 9-01 of 2022 which provided for vesting for full time police officers. If a participant prior to twelve years of service transfers, resigns, becomes disabled before becoming eligible for benefits as described above then he/she shall be entitled to a refund of all contributions made by him/her plus interest. Any member with twelve years or more of service and was employed by the Township on September 1, 2023 or subsequently hired after that date is eligible to receive a partial monthly pension. The vested benefit would be calculated same as the normal retirement benefited prorated by the numbers of years of service as a ratio to the normal retirement years of service, twenty-five years.

**Summary of Significant Accounting Policies**

**Basis of accounting**

Financial information of the Police Pension is presented on the cash basis of accounting. Plan participant contributions (if any) are recognized in the period in which the contributions are paid. Employer contributions to the plan are recognized when paid. Benefits and refunds are recognized when paid. This is a comprehensive basis of accounting other than generally accepted accounting principles with no recognition having been accorded to accounts receivable, accounts payable or accrued expenses.

**Administrative expenses** – Administrative expenses, including actuarial and consultant services are charged to the appropriate plan and funded through investment earnings and contributions.

**Contributions and Funding Policy** – The Act requires that annual contributions be based on the calculation of the Minimum Pension Obligation (MMO). The MMO calculation is based upon the biennial actuarial valuation. The Commonwealth of PA allocates certain funds to assist in pension funding. Any financial requirements established by the MMO which exceed the Commonwealth allocation must be funded by the Township. The 2025 MMO for the Police Pension and Non-Uniform plan was \$142,386.

**NOTE 9 –LONG TERM DEBT**

The Township’s long-term debt is segregated between the amounts to be repaid from governmental activities and amounts to be repaid from business-type activities.

**Governmental Activities**

As of December 31, 2025 the governmental long-term debt of the Township consisted of the following:

**Note Payable – First National Community Bank**

On June 27, 2023, the Township entered into a loan agreement with First National Community Bank to bridge three grants from the Commonwealth of Pennsylvania. The total amount of the approved funding is \$600,000. The loan will be repaid interest only in the first twelve months of the loan then in monthly installments of interest and principal payments of \$11,604 for a term of five (5) years. Interest is fixed at 5.93% for the term of the loan the unpaid balance. The outstanding principal balance at December 31, 2025 is \$39,727.

**NOTE 12 – BUDGET POLICY AND PRACTICE**

The Township Financial Administrator submits an annual budget to the Township Supervisors in accordance with The Pennsylvania Second Class Township Code. On or before December 31, Board of Supervisors amends and/or adopts the budget after it has been advertised in the newspaper and made available for public inspection by the Secretary. Once approved, the Board of Supervisors may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations.

**NOTE 13 – CONCENTRATIONS**

The Township levies and collects mercantile tax based on the gross receipts of business taxpayers located within the Township. Eight (8) taxpayers account for approximately 68% of the mercantile tax collected in 2025.

**NOTE 14 – TAX ABATEMENTS**

Township residents are eligible for tax abatement for various reasons such as development costs, property location, or renovations that would otherwise result in increased assessment. All abatements are based on the increase of value of the improvement. There were no amounts recorded or receivable from other governments in association with forgone taxes. The Township did not make other commitments other than to reduce taxes as part of the abatement agreements. The adoption of this pronouncement did not have a significant impact to the Township's financial statements.

**NOTE 15– RISK MANAGEMENT**

As a governmental unit, the Township could be subject to variety of losses, arising from torts, theft, damage, destruction, business interruption, error, or omissions, injuries, acts of God and other potential risks. The Township seeks to reduce these potential issues through the purchase of commercial insurance. However, there is no guarantee that all potential claims would be fully covered.

**NOTE 16– SUBSEQUENT EVENTS**

The Township has evaluated events subsequent to the balance sheet date as of December 31, 2025 through April 28, 2026 which is the date these financial statements were available and issued, and has determined that no material subsequent events exist that requires disclosure.

**1. Budgetary Data**

Budgetary data is established by the Township Supervisors and is officially adopted via ordinance. The budgets are prepared using the cash basis of accounting which is method utilized for the Governmental Funds.

The Pennsylvania General Assembly dictates specific procedures relative to adoption of the Township's budget and reporting of its financial statements, specifically:

Beginning at least 30 days prior to the adoption of the budget, a proposed budget or annual estimate of revenues and expenditures for the ensuing year shall be prepared in a manner designated by the board of supervisors. The proposed budget shall be kept on file with the township secretary and be made available for public inspection by the township secretary for a period of ten days.

Notice that the proposed budget is available for inspection shall be published by the township secretary in a newspaper of general circulation.

Upon completion of the budget containing the estimated receipts and expenditures, the board of supervisors shall adopt the budget by motion of the board, which may not be later than December 31.

After supervisors have adopted the budget, it is the duty of the supervisors to enact an ordinance levying the taxes referred to in this part for the fiscal year.

Budgetary data and actual data are presented for the General Fund and Special Revenue Fund.
