(continued on other side)

Residents are reminded that the maximum amount of bags that a household may receive during the fiscal year will be 208 bags, a maximum of four (4) bags per week. Additional bags can be purchased for \$7 per roll.

Garbage pick up days will continue to be Friday of each week for all of Pittston Township

RECYCLING

Curbside Recycling will remain in effect. Recycling must be put out the night before your scheduled pickup. The Township will continue SINGLE STREAM RECYCLING - (also referred to as “single sort” or “fully commingled”) - a system in which recyclable materials are placed in a single recycling container at curbside by each residential property owner/renter and then collected by the Collector fully commingled. **Recycling pick up days will continue to be Friday of every other week as indicated on the 2025 calendar.**

Garbage must be placed in Township bags and securely tied. **Calendars have been mailed to households depicting the collection dates as outlined above.** A calendar is posted on our website for your convenience.
